

RIP Career Week

Reflections | Projections 2025
University of Illinois at Urbana-Champaign

Dear Potential Sponsor,

We would like to invite you to participate in **Reflections | Projections**, ACM@UIUC's annual career fair and tech conference at the University of Illinois Urbana Champaign, one of the leading computer science schools in the country.

With over 2500 attendees, RIP serves as a platform to forge connections between companies and students who are passionate about technology. Your involvement promises a myriad of benefits, such as the opportunity to recruit top-tier talent at our career fair, facilitate innovative workshops and tech talks, and make this event a success, both for our attendees and for you.

At Reflections | Projections, sponsors can:

- Recruit and network with students in a casual setting
- Access participant data and resumes during or prior to the event
- Showcase your company's mission, technologies, and student opportunities
- Introduce aspiring engineers to career paths in technology and support the development of student's skills

Our conference will take place **September 16th - 20th**, with our career fair scheduled for **September 18th**. Throughout the week we will host tech talks, workshops, and social events that your company can participate in.

For additional details regarding sponsor roles and event specifics for this year's conference, please refer to the subsequent page. For further inquiries or to confirm your participation, please contact us at [**corporate@reflectionsprojections.org**](mailto:corporate@reflectionsprojections.org).

As we celebrate our 31st anniversary, we hope to work together to make Reflections | Projections a valuable opportunity for both your company and our attendees!

Sincerely,

Reflections | Projections 2025 Corporate Team
