INTRODUCTORY

SPONSORSHIP DOCUMENT

Reflections | Projections 2026

sponsor@reflectionsprojections.org
reflectionsprojections.org

Dear Potential Sponsor,

We would like to invite you to participate in **ACM Reflections | Projections**, the Midwest's largest tech conference and career fair, from **September 16th - 19th**, at the **University of Illinois Urbana-Champaign**, a **top five** computer science school in the nation.

With over **2500 attendees**, R|P serves as a **platform to forge connections** between companies and students who are passionate about technology. Your involvement promises a myriad of benefits, such as the opportunity to recruit top-tier talent at our career fair, facilitate interactive events tailored to your recruiting and outreach needs, and make this event a success, both for our attendees and for you.

At Reflections | Projections, sponsors can:

- Discover and **recruit high-potential students** from **targeted communities**.
- **Strengthen your campus presence** through interactive events showcasing of your technology and student opportunities.
- **Demonstrate your products and tools** in action and connect with tech-driven students.

Our conference will take place from **September 16th - 19th, 2026**. Throughout the week we will host **tech talks, workshops, and social events** that your company can participate in.

For additional details regarding sponsor roles and event specifics for this year's conference, please **refer to the subsequent page**. For further inquiries or to confirm your participation, please contact us.

As we celebrate our **32nd anniversary**, we hope to work together to make Reflections | Projections a valuable opportunity for both your company and our attendees!

Let’s build your next class of interns: **sponsor@reflectionsprojections.org**

Sincerely,

Hazel Lu & Rini Khandelwal
R|P Co-Directors 2026

Radhika Soni & Shahanaasree Sivakumar
R|P Corporate Co-Chairs 2026

and,

Reflections|Projections 2026 Corporate Team

Reflections|Projections is a program of ACM@UIUC, a 501(c)(3) nonprofit. Sponsorships may be deductible.

Custom Company Event Descriptions

Event of Your Choice
We want to provide **custom** private events or workshops, fully designed and executed as per your request. **If you want it, we'll make it happen.** Sponsors gain personalized events catered to **recruiting, branding, and mentoring opportunities**.

Below, we have listed examples of custom events we can create, but they are **not limited to** the following.

Interactive Workshop
Lead a workshop or teach a skill, tool, product or API, or help participants walk out with a relevant certification.

Tech Mixer
Fun, social gatherings (like poker tournaments, trivia nights, or mixers) where sponsors can attach their name or fund prizes to promote brand visibility in a relaxed, social setting.

Blind Build
Challenge to project a website for a short amount of time and have students recreate it. The team with the highest accuracy wins.

Code Breach
Capture The Flag Event

Project Redesign
Compete to redesign your company's website or product. The best submission wins. Sponsors get fresh ideas and real design inspiration.

Escape Room Challenge
A mystery-themed static website where students navigate through rooms of challenges, each testing a different skill. Sponsors customize the rooms to match what they're actually looking for in candidates.

Bug Hunt
Students dig through a codebase to find, document, fix a buggy program, and present their solutions. Sponsors can use their own code or a custom repository, making it a simple yet efficient way to see how students think and debug problems.

For more information on sponsorship tiers and creating customized events, please contact us at**: sponsor@reflectionsprojections.org**
